OUR IDENTITY

Creative Technology Dubai is dedicated to delivering multimedia solutions to customers worldwide. Having over twelve years of experience in the industry, our team of nearly Fifty individuals gathered together share a passion for the same goals. Our company has expanded its presence in the United Arab Emirates, Saudi Arabia, India, Europe, United Kingdom and is welcoming new customers and embracing fresh challenges.

At the forefront of technology, Creative Technology Dubai offers a wide range of products and services including 3D Holograms, 3D Holographic fans, 3D Projection-Mapping, 360 Projection Solutions, Interactive Projection Technologies, Laser Projection Solutions, Immersive Projection Solutions, Digital Display, Touch Display, Virtual Presenter, Virtual

Reality, Augmented Reality, LED Pixel Mapping, LED Lighting Products, LED Screen, Content Customization, Software Development, and Customized Multimedia Products.

We adhere to a business philosophy centred on culture, design, and commercial operation. By providing systematic solutions and employing creative design, we have achieved success for our customers across various industries worldwide. Our strength lies in developing innovative concepts using multi-sensory detection technology, combining visuals, choreography, sound, and special effects to create dynamic presentations and achieve desired results. Our experiences allow viewers to interact with images through movements and actions, enhancing engagement and impact.

At Creative Technology LLC, we harness the power of the latest technology to bring cultural initiatives and new ideas to life. We collaborate closely with architects, interior designers, and nominated suppliers to deliver high-quality end-to-end multimedia services and refurbishment projects professionally. We are committed to helping you push creative boundaries with innovative audio-visual solutions and logistical support. With engineering expertise and a general contractor's license, we bridge the gap between creation and construction, all while utilizing leading-edge project management skills.

Currently, we have successfully delivered products and services in over ten countries and regions worldwide. Our solutions have been applied in diverse settings including shopping malls, airports, hotels, exhibitions, activations, events, and amusement parks. Our products captivate consumers with their unique appeal and offer a competitive edge in the market. They are highly recommended for advertising, exhibitions, seminars, entertainment, and various other purposes.

Creative Technology is your trusted partner in creating value-added services and establishing a distinct identity for your product or brand.

EXECUTIVE SUMMARY

CREATIVE TECHNOLOGY LLC is a reputable general contracting company serving the industrial, commercial, and residential sectors. Established in November 2015 in Dubai, UAE, we are committed to delivering high-quality services using the latest value technology processes. Our company's geographical expansion includes operations in KSA, Europe, United Kingdom, and we maintain a strong presence in the UAE market, particularly in the Emirate of Dubai.

INTEGRITY

We conduct ourselves with honesty, consistency, and fairness in all aspects of our behaviour. We believe in open and direct communication.

COMMITMENT TO INNOVATION

We view learning and development as ongoing processes. Therefore, we embrace state-of-the-art technology and practices to enhance the efficiency of our operations continuously.

CUSTOMER SATISFACTION

We strive to exceed our customers' expectations by dedicating our time and efforts to delivering quality services to all clients.

TEAMWORK

We aim to attract and develop top talents, fostering an environment where individual growth contributes to company growth.

“*Let us transform your vision into reality*”

PILLARS OF CREATIVE TECHNOLOGY LLC

Creative Technology LLC Dubai is your partner to work together to establish value-added services and identity to your products.

CORPORATE PHILOSOPHY

OUR VISION

To be a knowledge-driven and innovative company that is globally admired and locally respected by our customers, vendors, and employees.

We aim to create integrated, sustainable, result-oriented work that sets the industry standard.

Our goal is to become the market leader in the field of multimedia services and technology in the GCC and eventually across the globe.

OUR MISSION

We are dedicated to exploring and providing superb quality information technology services to our customers and partners in the region to maximize their business potential, productivity, and value.

Our focus is on creating business values and utilizing technology to realize our vision. We are driven by the integration of business and technology, rather than technology alone.

PROJECT EXECUTION

01 IDEA EXPLORATION WITH YOUR TEAM

We'll kickstart by meeting with your team to delve into your ideas and creativity, transitioning them into the design phase.

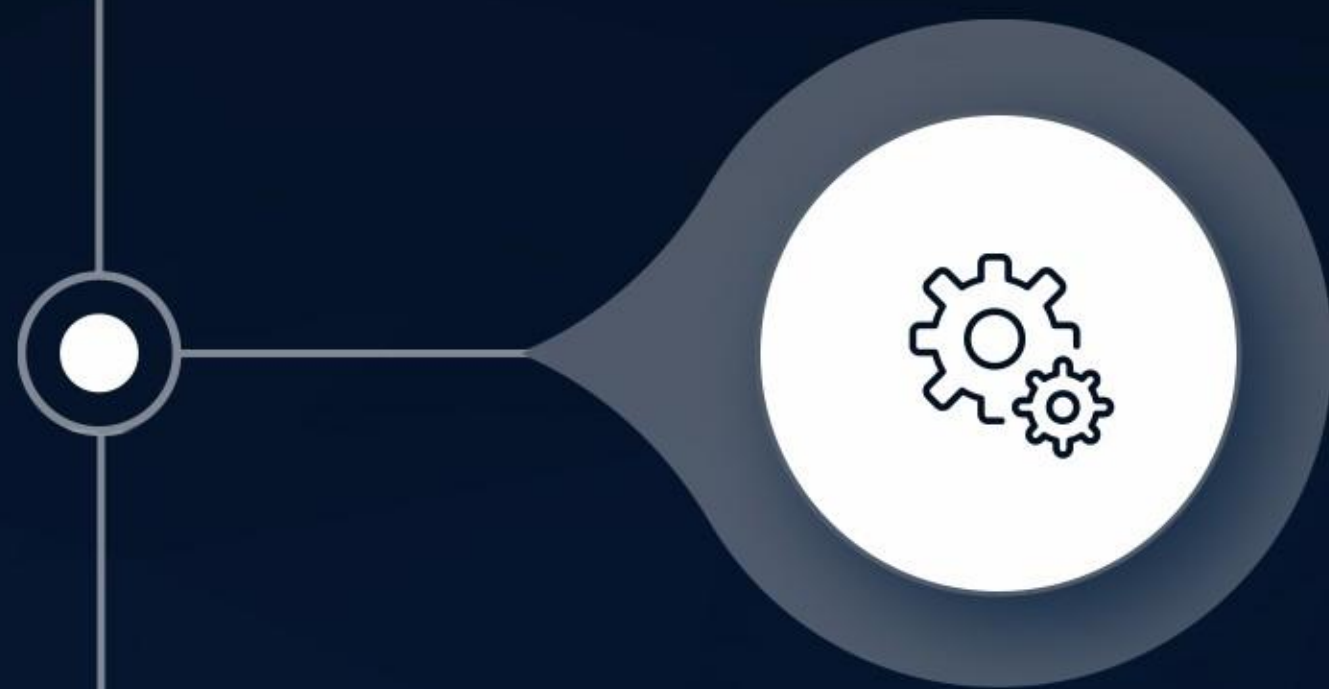

02 COLLABORATIVE BRAINSTORMING SESSION

Let's join forces to evaluate the feasibility of merging your ideas with our creativity, exploring innovative solutions together.

03 PROPOSAL SUBMISSION

Following our brainstorming session, we'll craft and present a detailed proposal for your consideration and feedback.

04 EFFICIENT EXECUTION

Upon approval of the proposal, our experienced team will assemble to seamlessly transition from design to execution, ensuring your vision becomes reality.

05 ONGOING SUPPORT AND COLLABORATION

Our commitment extends beyond product delivery. We'll maintain ongoing collaboration and support even after delivery.
